

IC Insights FALL FORECAST SEMINAR

September 17, 2009
Sunnyvale, California

Emerging from Recession! Ready for the Rebound?

Economic indicators are up—Global GDPs turning positive—Most stimulus funding still to come. Unit demand is improving and capacity utilization is climbing sharply. Higher ASPs to follow?

The semiconductor market has historically grown by double-digit rates for two consecutive years after a recession. Will history repeat in 2010-2011?

Gain a greater understanding of improving market conditions in the IC industry by attending the IC Insights Fall Forecast Seminar in Sunnyvale, California, on Thursday, September 17, 2009 at 9:00 AM.

IC Insights will explain and discuss the assumptions behind its forecast for the balance of 2009 and beyond. This dynamic and informative meeting is certain to help you make better, well-informed decisions as you formulate your near-term and long-range business plans.

- WHAT** ➤ Discussion about the mid-year status of and future outlook for the IC market.
- WHY** ➤ To bring existing and prospective clients up-to-date on market conditions.
- WHEN** ➤ Thursday, September 17, 2009. 9:00 AM - 12:00 PM.
- WHERE** ➤ Sheraton Sunnyvale Hotel, Sunnyvale, California.
