

# TABLE OF CONTENTS

---

<b>Introduction</b> .....	1
<b>Overall Capacity Trends</b> .....	2
History and Forecast for Wafer Capacity, Starts, and Utilization.....	2
Installed Capacity Leaders in Early 2008 .....	8
<b>Capacity by Geographic Region</b> .....	11
Existing Capacity by Geographic Region and by Wafer Size.....	12
Future Capacity by Geographic Region .....	15
<b>Capacity by Wafer Size</b> .....	17
300mm Wafer Fab and Capacity Details .....	19
450mm Wafer Debate Continues .....	25
<b>Capacity by Process Technology</b> .....	29
<b>Capacity by Minimum Geometry</b> .....	32
Regional Distribution of Existing Capacity by Minimum Geometry.....	33
Future Capacity by Minimum Geometry.....	37
<b>Capacity by Product Type</b> .....	41
Regional Distribution of Existing Capacity by Product Type.....	44
Future Capacity by Product Type.....	47
<b>Conclusion and Comments on Supply versus Demand</b> .....	48
Spending as a Percent of Sales.....	50
The Upcoming Collision Course.....	53
<b>Addendum</b> .....	57
